PROFILE

Hello, I am Reena Yadav I'm currently pursuing for the course of Bachelors of Technology in Computer Science Engineering from the Institute of Bundelkhand University, Jhansi.

Since, I had started learning technical things, I got a great interest in technology and now it is my wish to gain experience by pursuing engineering trainings and technologies.

I am eager to contribute my hard work and passion to those which values innovation, creativity and excellence in this Technical World.

Let's connect and explore the new options of how can we work together to achieve and gain the new best technologies and opportunities all over the world.
